FOUND DEAD IN ROAD.

Young White Man Shot Dead and Left in Road. Slayer Unknown.

Mr. J. B. Dunn of Wheelock, who was in Bryan Saturday afternoon, informed the Eagle reporter that a young white man had been found murdered in Robertson county and that it was not known who killed him. His name was Knox Whitehead and he was found in the road near Mill creek between Wheelock and Franklin.
He was well known about Franklin and from reports, he had been in trouble frequently. He was shot and killed and it was not known who his slayer was. If there were any eye witnesses the fact has not yet developed, and the officers at last report had no clue to work on.

ENTHUSIASTIC RECEPTION AT COLLEGE.

College Station, Texas, May 10.—The A. and M. College baseball team returned to College Station Sunday afternoon and received a big reception at the hands of the cadet corps of the College.
The baseball team had made a visit to State University, Baylor University and Austin College Sherman, playing six games. Four of these were victories. The track team had been to Waco and Hooker had broken the southwestern record for the shot put and Percy McGhee quarter mile race, and the cadet corps wanted to make it a time of jollification. All the students were at the train, with the cadet band. A large wagon decorated in College colors was there to ride the boys, being drawn by long ropes with cadets for the motive power. Company C had a special wagon for their members, Percy McGhee of the track team and Henry Wickes, the midget right fielder of the baseball team. The visitors were drawn to the main building, while the band played and surrounding the wagon all the students listened to a speech by Col. James Hayes Quarles who had accompanied the base ball team, in which he related all the events of the trip. It was a fine compliment to the athletes of the College. The reception was a big one, and the College spirit that was shown was very marked. It was the most successful trip a college baseball team has made, and it beats and record A. and M. has ever made in years.

A BIG TIME AT BETHEL.

Sunday was a great day in the history of old Bethel Baptist church, one of the oldest churches in the county. Rev. J. J. Pipkin, field secretary of the Bryan Baptist Academy, preached at 11 o'clock on Saturday and again at the same hour on Sunday. Dinner was served on the ground and it was one of those good old fashioned dinners for which the good ladies of Bethel are noted.
In the afternoon the Christian Endeavor society celebrated "Mothers Day" under direction of the president, Mr. F. Y. Turner. Addresses were made by Rev. W. T. Wood, Rev. Pipkin and Rev. G. A. Foster. A beautiful song service appropriate to the occasion, was rendered by the young people of the community.
At night Rev. Pipkin preached at Brightlight church to a very large audience. His visit to the community was in the interest of the Bryan Baptist Academy, and the spirit of God was certainly in the work and greatly blessed his labors.
He secured in cash and pledges more than \$600, and promises of even more than that. He also got the promise of several students for next session.
It was a great day, a great service and the entire people of the community were made happy by participating in it.

A PLEASANT SURPRISE PARTY.

One of the very pleasant social affairs of the past few days was a surprise party given Miss Hazel Hewitt by about fifteen couples of her young friends on Saturday evening at the homes of her parents. The occasion was her sixteenth birthday and her friends took her completely by surprise in calling en masse to pay their respects. The little lady though taken by surprise was quickly on hand to entertain her guests and succeeded in making each one have a good time.
The evening was spent in sparkling conversation, interspersed with music and games, and at an appropriate hour the hostess, assisted by her mother, served delicious refreshments.
Leave taking by the guests was accompanied by congratulations and best wishes for many happy returns of the day.

HUNTING AND FISHING PARTY.

On Saturday night the following party left on a big hunting and fishing trip: M. H. James, W. S. Wilson, Jr., O. E. Saunders, R. A. Harrison, F. C. Oliver and W. C. Boyett. Jno. M. Lawrence and G. M. Brandon left this afternoon to join them. They leave the train at Cleveland and go out to Gals lake some 20 miles from the railroad, where they will spend a week or more in hunting and fishing.

FARMERS' UNION.

The quarterly meeting of the Farmers' County Union met at the Union warehouse in this city Saturday and was fairly well attended. Representatives were present from a number of the locals over the county.
President W. L. Edge informed the reporter after the meeting was over, that while a number of matters for the good of the order had been discussed, practically nothing was done.
The Irish potato growers were present and the matter of marketing the present crop was discussed at length and the necessary arrangements were made. An order was placed for sacks and the work of marketing will begin next week. Mr. Edge said he believed from the reports made, that there would be as many as six cars shipped from here this season. He is of the opinion that if a good price is obtained for this crop, that potato growing will be a great industry here next year. The crop can be quickly made and brings in money at an otherwise very dull and hard time of the year, and the farmers are very favorably impressed with the idea if they can but make it pay. He is hopeful that the acreage will be sufficient next year to bring buyers to Bryan, and when that is done, potato growing will be one of Brazos county's greatest farming industries.

OPPOSED TO GUARANTY DEPOSITS.

"The guaranty bill before the legislature is all rot," said A. W. Wilkerson, cashier of the City National bank of Bryan, and ex-treasurer of the banking association.
Mr. Wilkerson is opposed to the guaranty and does not fail to express his opinion in no uncertain terms.
"Crops in our section of the State," said Mr. Wilkerson, "are a little backward, because of the late cold weather, but I never saw them in better condition."—Houston Post.

SUNDAY SCHOOL REPORT.
